Bank of Ireland Finance offers business customers an attractive and comprehensive suite of both fixed and current asset finance options. These can be tailored to suit their particular cashflow needs.

### Products

Asset Finance

**Hire purchase** is a purchase agreement where the asset is bought on your behalf and hired to you for an agreed term, at the end of which, ownership passes to you for a nominal sum.

**Leasing** gives you the use of an asset over a fixed period of time in exchange for regular payments. It lets you take full advantage of the most modern equipment and the value of the repayments are directly tax-deductible (subject to current legislation).

**Insurance Premium Finance** is the perfect way to spread the cost of your business insurance premium over a 6 – 12 month period. Allowing you to free up an overdraft / cash resources for other working capital needs.

Commercial Finance

**Invoice Finance** is a method of raising working capital by converting trade debts into cash. As a result you avoid the usual delay associated with payment terms. It provides an immediate line of credit, which increases in line with the growth of your business.

**Early pay** is designed to strengthen your buying power when dealing with suppliers by providing the funds for early payment of supplier invoices.
